

RESHAPE YOUR LABORATORY

LABORATORY PARTNERSHIP SOLUTIONS
WITH BUREAU VERITAS

#8 REASONS TO PARTNER WITH EXPERTS IN LABORATORY TESTING

#1

OPEX & CAPEX Savings

Bureau Veritas Lean 4 Labs program will deliver operating efficiencies and our on-demand network helps you conserve your CAPEX.

#2

Sustainability Impact

Ensure that your facility is operating with the lowest possible environmental impact by utilizing Bureau Veritas' Green Line solutions.

#3

Global Network at Your Service

Tap into our network to manage your overflow testing. Our global footprint means there is a Bureau Veritas laboratory or subject matter expert near you.

#4

Unrivalled Testing Expertize

Managing laboratories is our Core Business. Partnering with Bureau Veritas integrates our expertize into your operation.

#5

Seamless Digital Integration

Bureau Veritas' digitalisation platforms are here and now, linking laboratories, quality management & reporting systems, and interfacing between clients and our internal platforms.

#6

Accelerate Performance & Drive Quality

Lean 4 Labs is our management tool proven to reduce waste and deliver operational and quality improvements.

#7

Achieve Key Accreditations

As your laboratory business partner Bureau Veritas' expertize is at your service to support formal accreditation processes and help to maintain your accreditation throughout any transfer of management.

#8

Training & Development

Bureau Veritas views professional development as a key driver for successful running of all laboratory facilities. Our testing professionals undergo consistent training & development to ensure they remain at the forefront of testing innovation.
