# INTRODUCTION

THE ISO 9001:2015 STANDARD  
WAS RELEASED ON 23<sup>rd</sup>  
SEPTEMBER 2015.

The newly introduced changes to the requirements of the standard are set to change the way organisations have managed their systems until now. Bureau Veritas has been a pioneer in identifying the changes, interpreting them and training the industry.

This course is a formal training module certified by CQI-IRCA for qualified / practicing auditors of QMS who wish to upgrade/ transition to the 2015 version.

It is targeted at those who have previously successfully completed CQI-IRCA certified QMS Auditor/Lead Auditor training course based on the ISO 9001:2008 Standard and who intend to take a transition course in order to obtain recognition that their knowledge of the requirements of the ISO Standard and their audit skills and knowledge remain current. They will be eligible to register with CQI-IRCA as Lead Auditor for the new standard

The program uses a variety of participative learning methods, including taught sessions, interactive group discussions, role plays and exercises, to achieve its aims. The practical exercises have been carefully designed to focus on issues that commonly arise during Quality management system audits. The Course has been updated with auditing practices as per ISO 19011:2018.
